5-Alarm Fire provided service on our rescue tools on June 26th.

On June 27th, repairs on the suction line for Quinnesec pumper began and completed on July 10th for East Kingsford and Quinnesec trucks.

The primer controls on the East Kingsford and Quinnesec pumper were replaced on July 17th.

An airline on the North Breitung foam truck was repaired on August 1st.

A steering repair was done on the Quinnesec tanker.

We traded the drop tank from East Kingsford for a larger one from Iron Mountain.

I received the 3 portable radios recently purchased and distributed them.

Respectfully submitted,

Fire Chief Jeff Iverson
