S

Community:

- We will be getting the Township Newsletter together this week to go out with the summer Tax Bills.
- I have been getting calls on using the parks for Grad Parties etc. I have talked with Guy about getting portajohns for the parks with Board approval of park status. Other parks are opening up on June 10th with the new stipulation of up to 250 people (though nonfamily member are supposed to maintain social distance). Bathrooms are problematic in meeting CDC guidelines; one way would be to have automatic sanitizing foggers but there are none available at this time. There would be an option of posting signs basically informing to use open pavilions, bathrooms and equipment “at your own risk” as they are not sanitized repeatedly (see Health dept advisory attached to my email).

Planning and Zoning:

- Numerous applications for construction have been coming in from new homes to fences.

Assessing Update:

- See Mikes email

Personnel:

- The MIOSHA Covid-19 Workplace Guidelines EMPLOYEES GUIDES have been distributed to all employees and have reviewed the Guidelines for employers; the checklist is in your Board Packet.
- I have barrier protection ordered for the reception counter, and portable ones for the desks. In following the MIOSHA guidelines, anyone who is at medium risk are any workers who have contact with the public and coworkers. The Board may want to consider a contained lobby area for the long term. Other municipal offices will be opening with barrier protection, and appointments to meet in person when necessary with arrangements made for protections (masks and or barriers)

Respectfully Submitted,

Steve Mulka
Superintendent
